

**Final  
Temple-Greenville Joint Police Board  
Minutes of the Public Meeting  
June 11, 2007**

---

The meeting commenced at 7:05 PM. In attendance were S. Blease and D. Bouley of Greenville, and S. Fiske and J. Kieley of Temple, and Chief McTague.

A motion by J. Kieley, seconded by S. Blease, to accept the minutes of the May 2, 2007 meeting as amended passed by voice vote.

**Old Business:**

The necessary forms for appointing Michael Needham as a full time officer will be handled by the respective select boards this week.

The agenda for each Police Joint Board meeting will be forwarded by S. Fiske to the web master of each town for inclusion on the websites. E. Maxcy-Humphrey will forward finalized minutes.

The existing "Intermunicipal Agreement for Provision of Police Services Pursuant to RSA 53-A" contract was reviewed by the board in preparation for the March 2008 renewal. It was determined that the renewal should have a three year term, and that approval by the Office of the Attorney General is required. The amendments will be typed by E. Maxcy-Humphrey, and forwarded to the Joint Board for review. It was determined that an updated inventory of items valued in excess of \$500.00 should be included with the renewal contract. Items of consequence include the 2007 Cruiser and Tasers.

J. Kieley mentioned that a recent article in the Monadnock Ledger-Transcript verified the information presented to the board in reference to detail rates for local police departments.

**New Business:**

Chief McTague updated the board regarding Officer Martino's status, and details of the incident leading to his injury. S. Fiske will work on a letter of recognition from the Joint Board for his display of exceptional service to the community.

J. Kieley mentioned that tire marks on the roadway adjacent to a residence on General Miller Highway are a recurring problem.

**Budget:**

The budget is in line with projections. Overages in part time payroll will be offset by worker's comp payments to Martino. A \$250.00 item in the Office Supply line item will be transferred to Dues and Subscriptions. E. Maxcy-Humphrey will request an updated bill for dispatch services from the Hillsborough County Sheriff's Office.

Gasoline seems to be going faster than usual. According to the Chief, there are several options being considered for the gas pump, which is currently being shared with the fire department. The options are as follows:

1. A new tank solely for use by the PD. Cost \$1,000.00
2. Gas cards at the Country Mile for Fire Department use.
3. Pumps installed by State of NH at the State Highway shed in Greenville.

**Chief's Report:**

Chief McTague reported that due to problems with the radio in the station, which is a revamped portable radio, rather than a base station, dispatching is not yet being done from the station. The department is currently addressing this issue with work on a booster and a roof antenna. The phone system is also an issue. The department is working with Spaulding Hill on methods to transfer incoming emergency calls directly to the dispatch center, without having to disconnect the caller. Also, a college intern will be developing a database to log incoming calls.

The 2007 Cruiser is scheduled to have the lights and sirens installed by 2-Way Communications on June 18, after which, Don Kraemer will apply the decals.

Chief McTague is working on building the new kennels at the Water Treatment plant in Greenville, with the help of the Greenville Highway Department. The kennels will be made of concrete block with a metal roof for ease of maintenance. There will be two interior kennels with exterior access, as well as two exterior kennels. There will storage for supplies and equipment.

The Greenville Highway Department has been working on the driveway at the new station, widening it and improving drainage, as well as adding flower beds along the side of the building. With widened access, the town may store snow at the rear of the building during the winter.

The Chief informed the board that he will be off for the next three days, as well as three days next week.

S. Fiske suggested posting the administrative hours on the website and in the newsletter. This will be done when the department begins dispatch services.

A motion by J. Kieley, seconded by D. Bouley, to adjourn the meeting at 8:48 PM passed by voice vote.

The next meeting will be held on July 5<sup>th</sup>, at 7:00 PM in Temple.

These minutes were prepared by Elizabeth Maxcy-Humphrey
