1. Subject: Brian Kullgren met with the Board to discuss his building permit application for M 05 L 007. Kullgren presented a letter from Sanford Engineering, the septic designer, regarding the distance of the septic system from the high water mark for the brook. Kieley informed Kullgren and the Board that he had spoken to Rick Schofield of the Well Water Board. Schofield indicated to Kieley that the DES and his department welcomed the opportunity to collaborate on the letter sent to Temple to address concerns raised by the Board. The Board reviewed the letter from Sanford Engineering and signed the building permit application.

2. Subject: Friends of Temple Town Hall (FTTH) met with the Board to discuss and review the letter to the Federal Advisory Council. Honey Hastings represented FTTH. Hastings informed the Board that FTTH had reviewed the changes to the letter that the Board had suggested at the 11/28/06 meeting. FTTH agreed to the change in contact information but did not agree to the removal of the paragraph that referenced their involvement in the Town Hall project on the first page. Hastings stated that the paragraph in question was included in the template and sample letters provided by the State Historic Resources Office. Fiske asked FTTH if Tom Melone had been consulted about removing the paragraph, the answer was no. Fiske submitted a revised letter to the Advisory Council with the contact information changed and the paragraph on the first page removed. Eddy asked if the revised letter had been reviewed. Kieley stated he had just been given the revised letter and suggested that signing the letter be deferred until reviewed with Town Council, Tom Melone and the State. The Board and FTTH discussed the letter sent to Citizen Bank releasing the letter of credit. Hastings asked if the Board would be responding to the FTTH letter of 11/13/06, in writing. Eddy informed FTTH that this would also be discussed with Town Council. There was discussion regarding the West Rindge Builders invoice.
